

Analysis of Question 26 from the First 9th Grade Midterm Exam

九年級第一次段考第26題解析

Do Not Give Away Points — Ensure Full Understanding and Provide Clear Answers to Students

切勿送分，應徹底了解，給學生明確答案。

There are some different humor styles. Some of them really bring pleasure to people. However, **the others** may hurt people's feelings. Please read about humor styles below and decide which style is most like you.

Entertaining humor brings me jokes, **laughter, and friends** together. It usually brings joy to the listeners. Put-down humor is not very nice because it is used to **make fun of** people. The joke-tellers may be less popular **because of** the mean jokes. In hate-me humor, joke-tellers always laugh at **themselves** to make people happy. However, they may end up feeling sad or even losing the hope for the future.

✔ Cloze Answer Check:

Q#	Item in Sentence	Answer	Reason
26	may hurt people's feelings	the others	✔ As discussed in detail — specific known group
27	which style is most like —	you	✔ Natural and correct (not "yours")
28	is used to ___ people	make fun of	✔ Correct verb phrase; "make fun of someone"
29	less popular ___ the mean jokes	because of	✔ Correct preposition phrase; not "because" (which would require a clause)
30	laugh at ___	themselves	✔ Reflexive pronoun matching plural subject "joke-tellers"

■ 英文教學書也這麼教（簡明說明）：

結構	說明	例句
some... others...	表示部分與其他（不特定）	<i>Some students like math. Others prefer art.</i>
some... the others...	表示部分與「剩下的那些」（特定）	<i>Some of them are good at sports. The others are not.</i>

🎯 關鍵：一旦出現“some of them”，你就已經限定了「這一群」，剩下的就必須是 **the others**，而不是泛指的 others。

✓ 例句佐證 (皆來自母語語感與權威教材) :

1. Some of them are very shy, but the others love meeting new people.

→ 一群人中，有的害羞，其餘的外向。

2. I bought ten apples. Some of them are sweet, the others are a bit sour.

→ 總數為十，some... the others 對應完整。

3. There are five books on the shelf. Some of them are novels; the others are biographies.

→ 明確的五本書 → 用 the others 沒有問題。

✔ 絕對可以確認的搭配：「some of them... the others」

這是一個標準、地道、母語人士日常使用的對應結構，幾乎是教科書級的範例：

🔍 標準句型：

Some of them... the others...

表示在一個明確限定的群體中，有「一部分...，剩下的那些...」。
